

Risk Assurance & Advisory Services

Get independent, strategic advice from our specialists to make informed decisions, ensure governance best practice, and mitigate risk for better business efficiency.

How we can help

In today's complex business environment, organisations face escalating compliance requirements, financial risk controls and concerns, and ongoing uncertainties, including cybersecurity, environmental and sustainability risks, operational disruption, supply chain risks, and more. It is therefore critical that decision-makers have confidence in the integrity of the data that they analyse and rely on to make informed decisions.

Our Risk Assurance & Advisory Services

Our service will give you the added confidence you need in your decision-making whilst supporting your resourcing and operations with tailored recommendations to prioritise your next steps. Our services include:

Assurance

- Governance reviews
- Internal audit
- Risk management
- Compliance reviews
- Agreed upon procedures
- United States Agency for International Development (USAID) audits
- Service organisation controls report (ISAE 3402)
- Other assurances reporting i.e. grant assurances
- Financial modelling assurance
- IT security and data protection

Advisory:

- Cybersecurity
- Data protection
- Financial controls advisory
- International advisory services
- Enterprise risk management

We aim to add real value to your business by building on your strengths, identifying areas for improvement, and providing pragmatic solutions.

About our specialists

We are here to assist in an independent and objective capacity and assess performance in different areas of your organisation.

Our specialists are on hand to help you make informed decisions by providing the independent perspective you need to effectively lead your business and mitigate risk, leading to better efficiencies.
